The Department of Rural Sociology
Texas Agricultural Experiment Station
Texas A & M University System

October 1982

INTRODUCTION

The data in this publication were extracted from Bureau of the Census Summary Tape File 2 and are based on individual responses to the 1980 Census questionnaire.

Population counts in this report are shown for three racial groups: White, Black and Other; and for one ethnic group: Spanish Origin. Information on race and ethnicity was obtained through self-identification; therefore, the data represent self-classification by people according to the race or ethnic group with which they identify themselves.

RACIAL CATEGORIES

The category "White" includes persons who indicated their race as White, as well as persons who did not classify themselves in one of the specific race categories listed on the questionnaire but entered a response suggesting European origin such as German, Italian or Polish.

The category "Black" includes persons who indicated their race as Black or Negro, as well as persons who did not classify themselves in one of the specific race categories listed on the questionnaire but reported entries such as Jamaican, Black Puerto Rican, West Indian, Haitian or Nigerian.

The category "Other" includes American Indian, Eskimo, Aleut, Asian, Pacific Islander and other races not included in the specific categories listed on the questionnaire. It also includes persons who did not classify themselves in one of the specific race categories but reported entries such as Cuban, Puerto Rican, Mexican, or Dominican; in the 1970 Census, most of these persons were included in the "White" category. As a result of this change, the proportion of the Spanish origin population included in the "Other" racial category increased considerably, while the proportion included in the "White" racial category declined.

ETHNIC CATEGORY

Persons of Spanish origin or descent are those who classifed themselves in one of the specific Spanish Origin categories listed on the questionnaire -- Mexican, Puerto Rican, or Cuban -- as well as those who indicated that they were of other Spanish/Hispanic origin. Persons reporting "Other Spanish/Hispanic" origin are those whose origins are from Spain or the Spanish-speaking countries of Central or South America, or they are Spanish origin persons identifying themselves generally as Spanish, Spanish American, Hispanic, Latino, etc.

Origin or descent can be viewed as the ancestry, nationality group, lineage, or country in which the person or person's parents or ancestors were born before their arrival in the United States. "Spanish Origin" is an ethnic category. Therefore, persons of Spanish origin may be of any race and are included in one of the three racial categories -- White, Black, Other -- as described above.
